

“Where Education Begins at Birth”

Welcome to First Light Care Child Center! Where education begins at birth. We would like to thank you for allowing our family to become a part of yours. At First Light Child Care Center we are here to provide a safe, clean, loving, educational center for children ages 6 weeks to 11 years old and will work to meet all your early childcare needs.

Our goal is to become an extension to your child’s support system. First Light Child Care Center’s philosophy is to build young minds and strengthen families and communities. We understand you are entrusting your most precious little love to our care and we take that role as a privilege and honor. We will do everything in conjunction with your family’s values and standard of care in accordance to Ohio’s guidelines of child care centers.

At First Light Child Care Center we use a whole child approach, not only working to provide early interventions at all ages we serve, but we partner with professionals in social emotional growth of children to make sure each child is afforded a well-rounded experience in development.

First Light Child Care Center has Ohio licensed teachers with 20 plus years of educational experience ready to maximize your child’s time inside the center. We are here to deliver evidence-based curriculum by highly qualified staff ensuring each child is cared for in a way that each child’s individual needs are addressed.

Enclosed is your child’s enrollment packet including the medical statement and plan for administering any medication they may need along with documents pertinent to enrollment. The medical statement should be completed and signed by you and your child’s physician. Please complete the packet and return at your earliest convenience. You will be scheduled for your orientation as soon as we process your application. If you have any questions or concerns, please feel free to call anytime.

Thank you for Trusting us!
